### **Neighbourhood Plan**

The group discussed the resolutions made at the last meeting and the possibility of a Design Code with Luke Brown and stated there was a consensus from the public for infill sites. LB advised the group to remove the development line, look at the Stamford model and provide evidence of parking. LW provided LB with the reordered draft – design/development at the front of the plan and the evidence to be at the back. It was resolved to arrange a public meeting 17 December 2019 in order for Luke to present the revised plan and answer any questions from the public.
