Good Afternoon,

I hope I'm reaching you safe and well,  
My name is Andy from skipsearch.co.uk, I recently had a message from a local town council after they had shared a link to our article on **Fly tipping** on their website that there was a positive public response to it and that it would be a valuable resource for town/parish Councils to share a link to on their websites.

So I've sent you a link to it just in case you wanted to follow suit. Don't worry if you already have a guide on your website or it's not quite what you need, but feel free to use it your website users would find it useful and share with other organisations if you see fit.

Fly-tipping is particularly relevant at present unfortunately, we have seen a 300% increase in the UK under lock down.

Hopefully your area hasn't been this badly affected by it but there's a huge cost to dealing with this sort of crime and as huge advocates of ethical waste disposal we produced the following guide to combating and reporting Fly tipping.

I sincerely hope you find it useful or if you have any feedback as to what may make it more useful to you, please let me know.

Kind Regards  
Andy Langfield
